

ISC US T+1 Session 2023

Last month, ISC hosted a comprehensive session on US T+1, diving deeper into crucial discussions on the challenges and key impact areas for the asset managers:

- Settlement timing mismatch
- FX Operating model
- Affirmation process

Our forum provided an excellent platform for industry professionals to address common challenges.

If you would like to participate in the next session or any of our Regulatory Change Forums, please contact us reg-change@iscltd.com

Discussion is a powerful tool for learning....
